

RYNOWORX combines a comprehensive knowledge of the Asphalt Industry with a desire to learn and grow from our customer feedback, to bring you top-of-the-line unique products. Our team seeks out opportunity in our designs, improving on real issues that you and your team face on the job site. RynoWorx brings innovation to our industry, making crack fill melter applicators and kettles that are built safer, tougher, and better, to help you Maximize your Business.

“

RynoWorx equipment is designed by guys who have worked in this business. It shows in every detail, like the flame-out-proof burner on my RY10 PRO.

The RynoWorx
Flagship Crack Fill Melter Applicator

THE RY10MA-PRO CRACK FILL MELTER APPLICATOR

The RY10MA-PRO Professional Crack Fill Melter Applicator's patented design uses up to 50% less fuel than traditional melter applicators and is the industry's only direct-fired style melter applicator with an internal burner. It also features cutting edge innovations, and built-in safety features for a safer operating experience.

SPECIFICATIONS

Fluid Capacity	10 US Gallons
Kettle Steel Thickness	14 Gauge
Empty Weight	152 lbs/ 69.1 kg
Max Capacity Weight	250 lbs/ 113.5 kg
Fuel Type	Propane
Max Fuel Pressure	5 psi
Burner Type	50,000 BTU/hr Sealed Burner
Valve Type	1.5" Flow Valve with Drip Stop
Agitation Type	On-The-Fly

PRODUCTIVE

- Melts crack sealant up to 50% faster than torch-fired models and allows you to apply up to 4,800 feet of crack filler per day.
- The patented sealed burner consumes nearly 50% less fuel than traditional torch-fired melter applicators.

RELIABLE

- The enclosed burner design is shielded from the elements and virtually eliminates flame-outs caused by wind, which are common to torch-fired models.
- Two solid front casters allow the operator to maneuver over slanted surfaces with increased stability.

EASY TO OPERATE

- No more wasting time searching for a striker, lighter or matches. Starting a melter has never been easier with our push button electric ignition.
- Side-by-side controls, which include on-the-fly agitation, help the operator control agitation, flow, the application of material, and view and adjust temperature, all without leaving the operating position.

SAFETY BUILT IN

- Fully equipped with CSA / UL approved regulator and fuel lines provide precise control over fuel flow and kettle temperature.
- The sealed burner is equipped with a CSA / UL approved flame-out sensor which detects flame-outs and prevents fuel from flowing to the burner.
